

Final Pitch (Maximum of 15 minutes)

You are not required to deliver your PowerPoint presentation, and the meetings will be conducted online. Additionally, not all group members are required to speak. The exact date is yet to be confirmed but will fall within the week of **January 17, 2025**.

The goal of this final pitch is to provide a concise summary of your entire project and showcase potential user intentions. It won't affect your grade negatively; it can only maintain or improve it.

It should be a **brief presentation** with a maximum of **4 slides** followed by a **demo**:

Slide 1 - Cover

Include the **title**, **team name**, and **student numbers**.

Slide 2 - Problem Statement

Briefly describe the **problem** you're addressing and why it's important.

Slide 3 - Solution/Value Proposition

Explain your **solution** and the **value** it brings in solving the problem.

Slide 4 - Use Cases/User Intentions

Highlight key **scenarios** or **user needs** your chatbot addresses.

Demo

Showcase a **quick demonstration** of your chatbot, focusing on **each user intention**.
